Helping the best and the brightest stay that way.

Over the years, the Huntington County Community Foundation and the Lilly Endowment Community Scholarship Program have teamed up to help raise the level of educational attainment in Indiana. By providing exceptional Huntington County students full tuition and required fees for four years to any accredited Indiana college or university, public or private, we're working to keep the best and the brightest right here at home.

In addition to the Lilly Endowment Scholarship recipients, the Foundation is truly honored to help numerous other young people prepare for bright prosperous futures as they continue their educations at the college and university level. It's our goal to act as a bridge between generous contributors with an interest in continuing education and the young people upon whom the future of our communities and our country depends.

If you'd like to inquire about scholarship opportunities or set one up of your very own, please give us a call at (260) 356-8878.

Driving for dollars

On June 19 the Huntington County Community Foundation and the Kiwanis Club held their annual golf outing and luncheon. Proceeds from the 38-hole event went to benefit the Kiwanis Scholarship Funds as well as the Foundation’s unrestricted Community Grants Fund.

The unrestricted Community Grants Fund supports local programs in the areas of art and culture, community development, education, the environment, health, human services and recreation. It is the core grant program at the Foundation helping it to fulfill its mission of enhancing the overall quality of life in Huntington County. To date more than $553,735 has been awarded in grants to benefit this county.

SUMMER 2007

CHILD PROTECTION TAKES CENTER STAGE AT FOUNDATION LUNCHEON.

Child car seat safety and child advocacy were the topics of the day at the Huntington County Community Foundation Annual Luncheon held on June 27.

Guest speakers included Becky Gard from the Huntington County Safety Council and Stacey McBride from McKenzie's Hope. Ms. Gard spoke about her organization's efforts to give car seats away and on the topic of how to properly install a car seat. Ms McBride talked about how McKenzie's Hope, an organization dedicated to helping victims of child abuse and neglect, got its start as well as about its current mission.

Also at the luncheon, the Foundation presented board member Tom Scheer with a plaque for his years of dedicated service.
