Lilly Matching Program Update

As announced last fall, Lilly Endowment awarded HCCF $500,000 in matching grant funds. These funds gave us the opportunity to tackle current community projects while also building up our own Community Impact Fund from which we award semi-annual grants to nonprofits serving Huntington County. Continuing their support of philanthropy in Indiana, Lilly once again has acted as a catalyst for charitable investment that will impact Huntington County forever.

Out of 30 applications, 12 organizations were chosen to participate in our community projects matching program. These organizations were awarded various amounts depending on need, merit, and ability to fundraise. Projects included endowment building, capital improvements, and program enhancements. To date, $310,000 has been collected towards these projects, leaving $190,000 still to be raised by the November 30th deadline date. Three projects have wrapped up their fundraising, leaving nine more projects needing community support to complete their match. If you would like to help one of the organizations above, please contact us at (260) 356-8878 or info@huntingtonccf.org
