Our mission is to enhance the quality of life in Huntington County by providing leadership and opportunities through the development and utilization of a growing endowment fund.
Frequently Asked Questions

What is the Huntington County Community Foundation (HCCF)?

HCCF is a public, tax-exempt 501(c)3 charitable organization that is built to be a funding hub for all charitable organizations and causes within Huntington County. We accomplish this through building and growing endowment funds.

What is an endowment fund?

An endowment fund is a collection of donations with the same unified purpose. The principal of the donations is never distributed and will remain in the fund forever. Annual monetary distributions come only from the earnings on the investment of the donations. Our current distribution percentage is 4% of the fund value at the end of the previous year.

How are the funds invested?

Our funds are managed by financial advisors who work closely with an investment advisory firm to properly diversify our investment portfolio. This double layer approach helps us mitigate the risk and maximize the growth of our endowment funds.

Why would I give to HCCF when I could give directly to a local charity?

Our job at HCCF is not to be in competition with local charities for your donations. Local charities certainly need our donations to stay financially viable and provide their valuable services to our community. We simply offer an alternative funding source. By distributing a percentage of our endowment funds annually, we help ease the pressure of yearly fundraising for our local charities and increase their overall sustainability.

Is there a minimum donation amount?

There is no minimum donation amount for any of our existing funds which are detailed in the back of this report (we have over 100 different funds). However, if you would like to start your own endowment fund, we ask for a minimum of $5,000 for an endowment fund and $10,000 for a scholarship fund.

Are there different types of endowment funds?

Yes. Scholarship funds help Huntington County residents further their education after graduating high school. Designated funds are specific to one purpose such as operational support of a specific local charitable organization. Field of interest funds are specific to one cause such as education or the arts and are allocated in the form of grants for projects that meet the specified cause. Donor advised funds have the unique ability of allowing the donor to have an ongoing say in the distributions of their fund. Unrestricted funds, also known as our Community Impact funds, are used to award grants to Huntington County charitable organizations.

How does HCCF cover its own operating expenses?

HCCF administers an annual fee for endowments of 1% for the fund’s first $250,000, 1/4% for the fund’s second $250,000, and no fee for the fund’s value over $500,000. Our fees are lower than a majority of community foundations. Revenue from fees and an annual distribution from the HCCF Board of Directors Operating Endowment Fund help cover HCCF operational expenses.

How does HCCF operate?

Two paid employees, an Executive Director and a Director of Accounting, manage the day-to-day operations. Community volunteers donate their time and talents to serve on the HCCF Board of Directors, providing oversight of the administration and investments and serving on various foundation committees.
Twice a year, HCCF holds competitive grant cycles for our Community Impact funds. After applications are submitted, a committee of community volunteers with knowledge of the ongoing needs of our community deliberate on which projects will receive funding. Funding is specific to 501(c)3 charitable organizations that benefit Huntington County citizens. After our committee recommends the grants to be funded, our Board of Directors reviews the recommendations and grants the final approval.

HCCF Make a Difference grants have a strong history in our community. Since 1997, we have awarded over $1,000,000 of these grants to charitable organizations serving Huntington County. Looking to the future, we project to top $2,000,000 in grants by 2020.

Would you like to help our local charitable organizations by making a donation to our Community Impact Fund? No donation is too small or too large. In fact, if every resident of Huntington County donated just $1 to our Community Impact Fund, we would be able to give out an extra $1,500 in grants every single year forever!
“From my time growing-up in Huntington County and through the gift of the Lilly Endowment, I have realized that a meaningful life is one anchored in service to others, and I greatly look forward to carrying these values from my hometown, to school here in TN, and on into the military. Many thanks to everyone at the community foundation, and to all the donors. Your contributions exceed finances and their immediate effects. My life has been changed because of your generosity, and I know your work continues to shape the lives of countless others.”

“Thanks so much for your continued investment in me and my education this year. Last summer I interned with HOPE International, a Christian microfinance organization, in Rwanda doing international development work. My ability to take this internship was made possible through your scholarship! Again, thank you so much.”

Molly King, 2010 Huntington County Lilly Recipient
2014 Graduate of Taylor University
Employed as a staff assistant at U.S. Chamber of Commerce in Washington DC

“The opportunities Molly has had at Taylor for leadership, to develop socially, to have top-notch academics truly will be carried with her for life. And the opportunity to see how her Christian faith can complement her talents and career choices is, to steal from the credit card commercial, ‘priceless.’ Thank you, thank you, for your investment in my daughter.”

Denise King, Molly’s Mother

Cycle I Make a Difference Grants

Made possible by a $2.8M Community Impact Fund, Make a Difference grants are awarded bi-annually to deserving projects in our communities. Huntington County Council on Aging was awarded an additional $10,000 toward their new building renovation bringing the Foundation’s total funding towards the project to $15,000. Helping Paws Pet Haven used their grant money to support local business by buying an industrial washer and dryer here in Huntington County. Another eight grants were used to supplement our 2013 Make a Difference grants along with four Hiner Family grants and two Stephanie Pyle “Spirit of the Community” grants.
